Rapid Ball™ Counterweight 3167CW

Rapid Ball™ is our most competition-oriented counterweight to date. Swift, nimble, and versatile, the Rapid Ball is naturally the competition counterweight of choice of the Duncan Team. Adding dimples to this spherical counterweight reduces air resistance, making it the most aerodynamic one produced to-date. This creates a faster, more fluid-moving counterweight, which is why it is perfect for competition use. Attach the Rapid Ball to your favorite Duncan® Yo-Yo and get ready to dominate competition!

Yo-Yo Performance Oils

Performance oils enhance the play of looping and long spinning yo-yos! Modern yo-yos use ball-bearing axles which over time suffer from decreased spin times or low response due to the lack of lubrication. These oils have been formulated to increase the performance of ball-bearing yo-yos & are available in two varieties: Spin and Looping Oil.
