

# Flambeau®

Distinctive Packaging For Quality Brands And Products™

Buyer's Guide

### Single Source Solutions ... In Plastic

Flambeau® Inc. is a worldwide industry leader in thermoplastic manufacturing, specializing in both injection and blow molding. Our unique competitive advantage is the ability to offer the largest array of proprietary stock plastic packaging and storage products ... along with countless customization options.

**Consider Flambeau Packaging as Your “Art to Part” Source!**

**Our full range of services include:**

- Part design
- Mold design and fabrication
- Manufacturing and assembly
- Various product fulfillment programs
- Prototyping
- Sampling
- Custom quoting

### Flambeau Inc. Profile and History

Flambeau Packaging, a division of Flambeau Inc. has been doing business since 1947. Headquartered in Baraboo, WI, we pride ourselves in being a family owned company. We foster core values such as Family, Integrity, Leadership, Teamwork and Knowledge for the pursuit of Excellence with people who care ... and who are committed to providing you professional service when you need it!

### Customer Service: 01843 854002

Our professional customer service associates are eager to help answer questions and solve problems! You can contact us toll free for guidance and great customer care.

We encourage you to examine all we have to offer at our website: [flambeau.co.uk](http://flambeau.co.uk)

Follow us on Facebook, Twitter and Instagram.

## Overview: Flambeau Capabilities

### Express Service<sup>SM</sup>

Offers one unit to single carton quantities of in-stock cases to be shipped within 24 business hours. Qualifying products are marked with a **E** symbol.

### Blue Diamond<sup>SM</sup> Program

Offers select in-stock products to be custom decorated with hot stamp in low volume quantities. Qualifying products are marked with a **F** symbol.

### Special Order / Non-Stock Products

Most products are in-stock and ready to ship, but non-stock products are marked in the catalog as **S** and are available with reasonable lead-times.

### ECO Friendly Products

Flambeau's Packaging Divisions offers 100% recyclable storage cases and boxes. Ensures customer disposal of product lessens their carbon footprint on the environment & provides additional value to items. Can be manufactured and made available in most products with production quantities as low as 1,000 pieces.

### Canvas / Soft-Sided Solutions

Now offering canvas bags and cases fully customized to your specifications. Choose your ideal solution in fabric. Minimum quantities apply. **S**

Great for protecting and transporting instruments, equipment, tools, small electronic devices, medical equipment, sports products, and much, much more!

# Overview: Custom Decorating Capabilities

## Hot Stamp Labeling

An economical way to customize with up to three colors. *\*Injection molded products only*

## Engraving

We use lid and base inserts on our stock boxes and cases. This allows you the flexibility to insert a custom engraved company logo and/or design plate on one or both sides. *\*Injection or blow molded products*

## In-Mold Decorating

High quality, multi-color graphic labeling. The result - better product presentation with guaranteed straight, crisp, clear graphics that are impervious to most chemicals. *\*Injection or blow molded products*

## Labels

Adhesive-backed labels available and factory supplied. *\*Injection or blow molded products*

## Custom Interiors

Choose from custom molded interiors or custom foam interiors for that polished and professional look.

## Color Options

Flambeau offers a selection of color resins. Custom blended colors available upon request

### Available Injection Molded Colors:

Taupe PMS 409C	Black PMS 6C	Gray PMS 432C	Yellow PMS 109C	Blue PMS 289C
Orange PMS 1665C	Evergreen PMS 553C	Red PMS 1805C	Translucent Blue PMS 307C	Translucent Red PMS 198C
Translucent Yellow PMS 3955C	Translucent PMS N/A	White PMS 77C	Olive Green PMS 418C	Translucent Green PMS 354C

### Available Blow Molded Colors:

Orange PMS 158C	White PMS 77C	Black PMS 6C
Gray PMS 433C	Silver PMS 877C	Blue PMS 307C
Red PMS 187C	Yellow PMS 116C	Evergreen PMS 553C

### Available Hot Stamp Foil Colors:

Black PMS 6C	White PMS 77C	Blue PMS 286C
Yellow Crown Roll PMS 114C	Green PMS 3308C	Platinum PMS 877C
Red PMS 186C	Gold PMS 871C

## Zerust® and Anti-Tarnish Capabilities

### No Rust With Zerust!

Zerust® has proven to be the absolute best way to protect your equipment against rust and corrosion. Molded into many Flambeau® products, this patented polymer emits a harmless vapor, forming a protective layer around metal surfaces. With the

Zerust VCI (Volatile Corrosion Inhibitor) molded directly into the plastic, there is no need for messy VCI cardboard chips that lose their potency when they get wet. All Zerust products will maintain their effectiveness for five years of hassle free, long lasting protection. Look for the Zerust symbol next to those products that feature this revolutionary technology. This is just another innovation from Flambeau®... your most trusted source in storage.

### Anti-Tarnish by Flambeau®

Provides safe, long-term protective storage for sterling silver items. The patented Anti-Tarnish additive forms a harmless protective layer around silver surfaces preventing tarnishing for up to five years.

Flambeau Zerust helps to increase efficiency, saves money and, most importantly, protects tools and hardware keeping them operational.

Scan to see the Zerust story

**Zerust® is the oldest, most proven effective VCI, (Volatile Corrosion Inhibitor) in the industry!**

Flambeau® Zerust® provides a solution to the corrosion problem. It helps to increase efficiency, saves money & most importantly protects tackle, keeping them operational.

**Zerust® Molded Directly Into Product:** Flambeau stocks select Super Satchels™ and Tuff Tainers® with Anti-Tarnish or Zerust molded within the product. Most products incorporating the Anti-Tarnish or Zerust features are available through our **Special Order Program** and may require certain minimum quantities.

See next page for ordering information for Anti-Tarnish and Zerust Divider Packs. These divider packs provide the same great protection molded in the “divider” for use in Flambeau Super Satchels & Tuff Tainers.

See (page 100) for more Zerust® accessories!

# Dividers: General, Zerust®, Anti-Tarnish and IDS™

## Zerust® Dividers:

Having Zerust molded directly into the dividers themselves, creates a harmless vapor barrier around your parts inhibiting corrosion for up to five years (see first chart).

Zerust is a registered trademark of Northern Technologies International Corporation.

New!

## Distinctive Packaging For Quality Brands And Products™

### SLIM LINE™ Boxes

- 4" SLIM LINE™ Box

From crafts to electronics and more, these new 4" boxes offer easy access and are great for organized storage **Page 15**

### Waterproof Tuff Tainers®

Clear, open core compartment boxes that are equipped with tight sealing latches and a waterproof gasket seal. **Page 33**

### The Aegis Line

New Flambeau® Blow Mold Line! Rugged design with thick double walls, snap shut latches, locking points for extra security, steel pin hinge construction and integral handle for easy carry. **Page 70**

### Vision 20™

View contents inside with dual capabilities of blow mold and injection mold technologies resulting in an innovative solution for packaging and merchandising! **Page 76**

### 4" x 6", 6" x 6", 12" x 12" and 24" x 4" Boxes

Made out of Translucent, clear, acid-free polypropylene, these boxes are ideal for displaying product or quick reference of the contents inside. **Page 77**

### Mini and Small Gear Boxes

New Gear box sizes keep contents dry and protected. Perfect for storing small parts and keeps everything organized at your fingertips. **Page 89**

Distinctive Packaging For Quality Brands And Products™

Zerust® Bags

**New Zerust® Line.** Prevent rust on your valuable firearms for up to 5 years! **Page 100**

9" x 12" Pistol Bag: 412502A

10" x 54" Rifle Bag: 412502A

Tactical Series

2 Additional sizes to the Tactical line.

**Small Tactical:** Store more in one! Deep 6" base for extra storage, 4 pad lock holes, 2 tough snap-fit latches, an integral off-set handle for easier transport and 2 layers of foam in the base.

**Medium Tactical:** Distinctive 32" length featuring 5" depth, optional interchangeable divider compartments, 4 tough snap-fit latches and 4 pad lock holes for greater security.

**Page 102**

6791DDC

6505PDW

Linesman Case

Distinctive 42" length and 6" depth, this case is designed for multiple storage applications featuring tough ABS latches, steel pin hinge construction, four locking points and conveniently stacks for optimum storage. Also stocked with an 8 pistol foamset! **Page 103**

7450AP

7450BG

Waterproof Satchels

Protects contents from water and moisture with a 360 degree seal and features 2 locking points, a rubber over molded handle for easy carry, a recessed lid for extra work space, rust proof hinge and a durable polycarbonate lid with ribbing design providing extra strength for crush resistance. **Page 104**

4000WPOC

3000WPOC

The HD Case Series

New waterproof and airline ready cases with durable snap-shut latches, metal locking points and thick ribbed walls for high impact durability. These waterproof cases offer an extremely competitive choice for demanding applications. **Page 105**

## M-Series Boxes

### Polypropylene

Extra heavy-duty construction makes the polypropylene M-Series boxes tough and durable. These workhorse boxes feature a heavy-duty, heat-sealed hinge and overlapping lid to inhibit dust. Impervious to most household chemicals, solvents, oil and gasoline, these boxes keep items safe and organized.

## Tuff Tainer®-Series Boxes

### Polypropylene

The Tuff Tainer is made with polypropylene and features a detachable lid and movable dividers that allow you to configure your compartment space to your liking. The majority of these boxes include two positive locking latches and will resist most common chemicals, gasoline & oil.

Mechanical latch found on T4007 & T5007 Tuff Tainers

Integral latch found on all Tuff Tainers except T4007 & T5007

## IDS™ -Series Boxes

### Polypropylene

Our Infinite Divider System™ (IDS) box, made of polypropylene, features patented flexibility by allowing each divider to be moved 1/16" (0.16 cm) along the ribbed compartment. Select IDS boxes fit the IDS Cabinet shown on (page 94).

- Clarity\*
- Impact Resistance
- Chemical Resistance

## T-Series Boxes

### Polypropylene

T-Series boxes provide the same durable construction as the popular M-Series, but are made with translucent polypropylene. These boxes are perfect for “visualizing” components within the box. The T-Series are impervious to most household chemicals, solvents, and gasoline. Great for storage and protection.

## Compartmental Box Chart: By Dimensions

With the industry's largest selection of sizes and material types you can expect to find what you need right on our shelf. Yet, even with over 300 stock choices, sometimes we have a request for a unique size or compartment configuration. If so, please let us know. Most of our products can be altered

to accommodate a special material or core (compartment) requirement for your project. Finally, we will accommodate you by building a tool specifically for your project right with our Technologies Tool Group.

**To help you find what you need we have added a size reference chart that lists all of Flambeau's compartmented boxes from their smallest to largest dimension.**

### BOX MATERIAL KEY

**TP** = Translucent Polypropylene

**YP** = Yellow Polypropylene

**WP** = White Polypropylene

**TCP** = Transparent Cellulose Propionate

**SBMM** = Styrene-Butadiene Methyl Methacrylate

**SBC** = Styrene-Butadiene Copolymer

**SP** = Taupe Polypropylene

**OP** = Orange Polypropylene

### SYMBOL KEY

# Cases: Merchant™ Cases

All Merchant™ Cases employ shallow lid with deep base functionality. Our cases include the same great features as our Tradesman line, except with a shallow lid and deeper base design. The Merchant 10 and Merchant 15 case handles are designed to provide excellent balance by off-setting the handle for center grasp between the lid and base. Slide open/shut lockable latches with a bead-line seal fit between base and lid complete this exquisite line.

# Cases: Tradesman™ and Merchant™ Case Options

## Customization of the Tradesman & Merchant Case:

Customize your Tradesman or Merchant case with options that include engraving, printing, labeling, die-cut foam and the in-mold labeling process which is nearly indestructible and impervious to chemicals.

## Custom Options Enhance Interest

Grab attention with attractive designs and colors that outperform your competitor's packaging. Private label any of our boxes to give your company the edge it deserves!

## In-Mold Decorating

Achieve high quality, multi-color graphic labeling. The result - better product presentation with guaranteed straight, crisp, clear graphics impervious to most chemicals. *\*Injection or blow molded products*

## Custom Foam

Merchant™ cases offer the best solution when foam is the desired choice for protecting and merchandising your products. The shallow lid design in all Merchant cases minimizes the required use of foam, minimizing cost. The Merchant's deep base is excellent for storing multiple contoured parts.

Even the 7" Merchant Case can have a custom foam interior.

## Color Options

Flambeau offers a selection of color resins. Custom blended colors available upon request.

### Available Injection Molded Colors:

Taupe PMS 409C	Black PMS 6C	Gray PMS 432C	Yellow PMS 109C	Blue PMS 289C

Red PMS 186C	Gold PMS 871C	

## Cases: The Defender®

The combination of high-density homopolymer material and double-wall construction offer increased product protection. Can be customized through logo engraving, in-mold permanent labeling, custom colors, foam or molded interior.

### Features:

- ProTech™ Latches and Steel Pin-Hinge Construction
- Rear Feet Detail (Offers increased stability for upright display)
- Exterior Banding Strap Detail (Allows case to be used as a shipping container)
- Interior Gasket Seal
- Water- and Chemical-Resistant
- Crush-Resistant and Stackable

## The Defender® . . . Just in Case!

# Cases: Infinity™ Case

With flair, style and professional presence, the Infinity is designed to give you a high level of protection with a modern look. It features a natural dust seal, double-wall protection in the lid and base, is crush resistant and can withstand a 30 pound impact test. The dual latch system provides easy latching with confidence of security even in the harshest conditions and is available in a variety of sizes and depths (see chart on page 62).

## Features:

- Integral or Pin-Hinge
- Water and Chemical-Resistant
- Locking Hole
- Crush-Resistant and Stackable
- Dual Latch System

# Cases: The "P" Series: The Pin-Hinge Case

The "P" Series case is a Flambeau original and has a proven track record in most industries and applications. This is a "pin-hinge" style high-density polyethylene (HDPE) blow molded case. The routed base option is designed to accommodate our standard solid sheet or diced foam and is available in a variety of sizes and depths (see charts on pages 64-65).

## Features:

- Heavy-Duty Latches
- Impervious to Most Chemicals / Gasoline
- Double-Wall Protection
- Crush-Resistant and Stackable

Double-Wall Protection

Routed Base

### Drawing Key

- |                             |                              |                                  |
|-----------------------------|------------------------------|----------------------------------|
| <b>A</b> = Outside Length   | <b>B</b> = Outside Width     | <b>C</b> = Overall Outside Depth |
| <b>D</b> = Inside Length    | <b>E</b> = Interior Width    | <b>F</b> = Overall Inside Depth  |
| <b>G</b> = Inside Lid Depth | <b>H</b> = Inside Base Depth | <b>I</b> = Routed Depth          |

The "P" Series is easily customized through engraving, printing, labeling, custom colors, die-cut foam, molded interiors and in-mold decorating/labeling process (molded into the case) which is nearly indestructible.

## Cases: "R" Series Case

The "R" Series case features an integral hinge and latch system. This simple and reliable blow mold case is our most economical case offering. Constructed from high-density polyethylene (HDPE) this case is tough enough for almost any challenge. Available as a double-wall case, or with a routed base to accommodate foam, this case offers maximum protection. A broad range of sizes and depths are available (see charts on pages 66-69).

### Features:

- Integral Hinge and Latch
- Crush-Resistant and Stackable
- Option: Double-Wall Protection or Routed Base for Foam Insert

"R" Series Integral Hinge

Double-Wall Protection or Routed Base to Accommodate Foam

"R" Series Integral Latch

### Drawing Key

- A** = Outside Length    **B** = Outside Width    **C** = Overall Outside Depth  
**D** = Inside Length    **E** = Interior Width    **F** = Overall Inside Depth  
**G** = Inside Lid Depth    **H** = Inside Base Depth    **I** = Routed Depth

\* Number of weld posts may vary

**\* Please note: The "R" Series is production-run only, no stock. See ordering selection and information on pages (66-69)**

## Cases: Black Ribbon™

Flambeau offers a product line of water resistant cases available in six sizes! These extremely durable cases feature a metal front cam locking mechanical latch system & external rubber bumpers for impact absorption, skid resistance, and greater durability. Made of tough, impact-resistant ABS plastic, these cases are available with or without foam, as well as die-cut foam should you require more protection for your valuables. Black Ribbon cases are excellent for outdoor use in demanding environments and are ideal for storing and protecting cell phones, electronic devices, jewelry, small tools, components and more!

## Cases: Secure-Lock™ Case

Secure-Lock™ is a heavy-duty plastic carrying case with patented locking features designed to safely store and help secure personal valuables. Two of the three configurations feature a “cam-actuated” locking mechanism which locks the case down—while the contents inside remain locked.

### Features:

- Steel hinge pin construction
- Tamper resistant hinge segments
- Patented “Lockdown” features (models 6615LB & 6620LB)
- Includes 2 keys

Short Axle Lockdown Feature

Tall Axle Lockdown Feature

Patent # 8,695,386

## Cases: Blow Molded Mailers

Reusable shipping containers from Flambeau will help you save money and give you the durability needed to protect your cargo while in transit. Our blow molded mailers feature double-wall construction and are stackable. Offered with our standard convoluted foam, they are designed to protect even the most sensitive cargo. Lids and bases are separate pieces for loading convenience and feature overlapping positive edges to reduce lid movement and provide a natural dust barrier. Lids and bases must be secured for transit. Made of high-density polyethylene (HDPE) our mailers are impervious to most common chemicals and gasoline.

### Features:

- Double-Wall Construction
- Impervious to Most Common Chemicals & Gasoline
- Crush-Resistant and Stackable

## Tool Boxes: Utility Series

**Industrial Grade:** Flambeau Utility Series boxes are engineered tough. With thick wall construction and interior "I" beam support structures, you can expect the Utility Series boxes to out-perform most any other box! Finally, our heavy-duty cantilever trays are secured by rust-resistant hardware for extra longevity.

### Features:

- Resistant to oil & common chemicals
- Lockable
- Tip-Guard™ (cantilever trays only)
- Dent-proof
- Removable Interior Trays
- Scratch resistant

## Blow Molded Small Tool Box

- Lift-out tray sits on a "lip" at the top of the tool box base
- Tray size is larger than bottom dimension of tool box
- Injection molded hardware
- Routed base for more storage space

## Blow Molded Large Tool Box

- Lift-out tray sits on a "lip" at the top of the tool box base
- Tray size is larger than bottom dimension of tool box
- Injection molded handle with large integral latch
- Double wall construction for extra strength

## Tool Chests

Flambeau Tool Chests are designed to organize, store and protect precision tools, hardware and small parts. They feature a unique front panel design that allows drawer access when the front panel is down. A unique lock prevents accidental spills and allows the lid and drawers to lift as a unit, providing access to the large lower storage area.

### Features:

- Resistant to most common chemicals, solvents and oils
- Positive-action latches
- Lockable with brass hinges and latch pins
- Large gray interchangeable drawers with adjustable compartment sizes
- Molded in industrial-grade ABS plastic

See Replacement Order Information On (Page 93)

# Specialty Storage: IDS™ Cabinets - Infinite Divider Storage™ System

A hybrid between mobile & stationary storage, these cabinets have interlocking grooves for easy and secure stacking. The IDS™ system truly gives you mastery over your storage space with (5) IDS translucent cases featuring dividers that can be placed every 1/16" (0.16 cm) throughout the compartments!

## Features:

- Infinite Divider System™ (IDS)
- Resistant to oil & common chemicals
- Interlocking stackable cabinets
- Dent-proof
- Fully extendable drawers
- Removable cases

Dividers can be placed at 1/16" (0.16 cm) increments throughout the entire box

T900

**Infinite Divider Box (Inside L x W x D):**  
13-1/8" x 8-7/8" x 1-15/16" (33.34 x 22.54 x 4.92 cm)

999-2

**Infinite Divider Box (Inside L x W x D):**  
13-1/8" x 8-7/8" x 1-15/16" (33.34 x 22.54 x 4.92 cm)

**Stackable!**

Special interlocking grooves on the cabinets allow them to be stacked on top of each other.

## Small Tactical Case

Store more in one! The Small Tactical Case, a.k.a. Double Deep case, features a deep, 6" base for extra storage, 4 pad lock holes, 2 tough snap-fit latches and an integral off-set handle for easier transport. Rugged, stackable and extremely durable, this case is suitable for tool storage, camera equipment, fire-arms, emergency kits, along with many more functions.

Convolute foam option on lid and base

## Medium Tactical Case

The only case in the market that features a distinctive 32" length. The Medium Tactical Case can store and protect any valuables featuring a 5" depth, optional interchangeable divider compartments, 4 tough snap-fit latches and 4 pad lock holes for greater security. Stackable with high impact copolymer polypropylene walls, this rugged case provides durability for the toughest transport.

Customize Cases with Your name/company

## Large Tactical Case

- Four locking points for extra security
- Durable egg-shell foam
- Four magazine pockets
- Adjustable strap option
- Integral handle for easy transport
- Mechanical style hinge for added durability

**NOTE:** Cases made of high impact co-polymer polypropylene material.

# Linesman Case New!

The New Linesman Case is very unique yet versatile. This 43 inch long case is designed for multiple storage applications---long and deep enough to store and protect everything from fishing rods to small rifles, and everything in-between. The ergonomic offset handle helps balance the heaviest loads during transport. The Linesman Case is built tough with steel pin hinge construction, tough ABS latches, four locking points, and conveniently stacks for optimum storage

## Features:

- Deep 6" base
- Steel pin hinge construction
- Ergonomic off-set handle
- 4 Locking points
- Tough ABS latches

7450AP

7450BG

## 8 Pistol Linesman Case

Finally a case large enough to hold your firearm collection! Protected with foam, the pistols sit vertically along the 42 inch case with easy access to the grips. The flexible foam allows for any size pistol to fit nicely in the slot. There's even enough room for an extra magazine next to each pistol

## Optional Custom Foam Interiors

Diced foam interior

The deep 6 inch base leaves enough room for multiple custom options like diced foam or die-cut foam to store and protect your valuables (minimum order quantities apply).

MODEL #	STOCK #	DESCRIPTION	DIMENSIONS (L x W x D)	PACKED

# Waterproof Satchels New!

The new Waterproof Satchels feature a thick durable wall construction with a 360 degree seal for water resistance. Available in two sizes, these satchels feature two locking points for extra security, a rubber over molded handle for easy carry, a recessed lid for extra work space, rust proof steel pin hinge construction, and a durable polycarbonate lid with ribbing design providing extra strength for crush resistance. The open core interior can be custom molded or inserted with die-cut foam to safely store and protect your valuables.

## Features:

- Locking points
- Over mold handle
- Snap-shut latches
- Rubber seal
- Ribbing design for extra strength
- Steel pin hinge construction
- Recessed lid for work space
- Durable polycarbonate lid
- Stacking feature

## Medical: Medical Device Box

Store, transport, and protect cardiac implant devices and most other small wafer type implantable devices. Sterilize with ETO; Gamma; or E-Beam process. Made of tough Polypropylene material. Box can be easily customized with logo or name plate.

# Medical: ScriptSafe® Case

ScriptSafe® is a heavy-duty plastic carrying case with patent locking features designed to safely store and help secure prescription medications. Two of the three configurations feature a “cam-actuated” locking mechanism which locks the case down—while the contents inside remain locked.

## Features:

- Steel hinge pin construction
- Tamper resistant hinge segments
- Patented “Lockdown” features (models 6526MD & 6527MD)
- Includes 2 keys

*Designed to safely store prescription medications from inquisitive eyes.*

## Conductive: Guard Against Expensive Damage

A leader in the industry, Flambeau's reusable conductive product line significantly reduces electrical resistance and provides an extremely high permanent level of conductivity to dissipate static charge build-up, alleviating electrostatic discharge (ESD). Our proprietary blend of carbon loaded HDPE materials are a guarantee that Flambeau conductive products will protect the most sensitive equipment and perform in the harshest environment.

### Technical Data:

- Surface Resistivity 1010-1011 (ASTM D 257 / ESD S11.11)
- Static Decay <2.0 Seconds (MIL-PRF-81705D)

### Features:

- Double-wall Construction - Maximum Physical Protection
- Locking Tabs (select items)
- Secure Positive, Integral Double Latches
- ESD Protection
- Reusable & Stackable
- Permanently Anti-Static

## Conductive Cases

### Options:

- Clear Conductive Window (Special order styles only)
  - Easy part identification without compromise of Faraday Cage protection
- Grounding Snap
  - Reduces surface charges so the case can be safely opened without damaging contents
- Antistatic or Conductive Foam
  - (Conductive quoted separately)
  - (Antistatic included upon request, foam is glued into case)
  - Provides physical shock resistance, reduces the potential for static build-up and arc potential due to the low friction coefficient of the foam

Die-cut foam quoted separately

# Conductive: Conductive Storage Cabinets

High-density storage, maximum organization and cost savings efficiency can be achieved with our generous selection of reinforced durable plastic frame conductive storage cabinets. Each drawer cabinet features conductive drawers and drawer stops to prevent accidental spills.

\*All cabinets include (10) 35/52 dividers, all other dividers are optional
